

4-CHLORO-DIOL™

Advanced Muscle Builder

The House Where Muscle Is Built has done it again. **House Of Muscle** is proud to introduce another “advanced” muscle building supplement into the House Of Muscle supplement arsenal.

We call it **4-Chloro-Diol™** and this cutting edge muscle building supplement will definitely help you build hard, lean muscle and strength. *If you want to take your muscle building efforts to the next level, then 4-Chloro-Diol is the supplement you have been looking for!*

4-Chloro-Diol™, the latest addition to the House Of Muscle sports supplement line, contains the powerful muscle building ingredient 4-chloro-17a-methyl-androst-1,4-diene-3-17b-diol. **This amazing muscle-building agent will promote rapid muscle size and strength gains and increase your energy levels and libido while NOT converting to estrogen!**

The fact that 4-Chloro-Diol™ does NOT aromatize into estrogen is very exciting. **This means 4-Chloro-Diol™ will not cause side effects caused by high estrogen levels, like gynecomastia and water**

retention. Additionally, 4-Chloro-Diol™ does not aromatize into DHT, the hormone responsible for such unpleasant side effects as hair loss.

Okay, so 4-Chloro-Diol™ does not convert to estrogen and does not aromatize into DHT. This means you will not grow breasts and your hair won't fall out. It is good to know what 4-Chloro-Diol™ will not do, but what **WILL** it do?

This amazing muscle-building agent will promote rapid muscle size and strength gains and increase your energy levels and libido while NOT converting to estrogen!

IT WILL HELP YOU BUILD MUSCLE FAST! Just like testosterone, the compound *in 4-Chloro-Diol™ will bind to muscle cell receptor sites and cause a significant increase in protein synthesis, which will lead to muscle cell growth and hypertrophy!* Additionally, it exhibits anti-catabolic properties, which reduces the effects of cortisol, which will lead to less protein loss from your muscle cells. *The results from 4-Chloro-Diol™ are fast and powerful!* You will notice results within the first week of use and gains of **10 lbs. of solid muscle from one 8-week cycle are not uncommon.**

4-Chloro-Diol™ is for healthy adult men only and should not be used by women, anyone under 18 years of age or anyone with preexisting health problems. ***But, if you are a healthy adult male and looking for a powerful supplement to augment your muscle and strength building efforts, you definitely want to try 4-Chloro-Diol™.***

We also recommend you take 4-Chloro-Diol™ in an 8-Week Cycle, with a 4 week “off” period

before you start up again. It is also recommended that you take a liver protection supplement, like Liv.52, while you are “on” 4-Chloro-Diol™.

Isn't it time for you to reach your true potential? Stop dreaming about what you could be and start being it! *ACT NOW!*

What are you waiting for? **Get your House of Muscle 4-Chloro-Diol™ today at:**
